The School of Engineering anchored on the pillars of excellence in teaching, learning, research and community engagement, harvests graduates instilled with knowledge, skills and qualifications which are locally relevant and globally competitive.

Center of excellence for technical education.

Leadership in human & social development through technical education.
Institute Profile

Name: School of Engineering, School of Computer Science
Constituent of: Darshan University, Rajkot
Managed by: Shree G.N. Patel Education and Charitable Trust
Approved by: Gujarat Private Universities Act 2009 (Gujarat Act No. 15 of 2021)
Estd. Year: Darshan University established in 2021
(Formerly known as Darshan Institute of Engineering & Technology, established in 2009)
Campus: Rajkot - Morbi Highway, Rajkot - 363650 (19 km from Rajkot, 45 km from Morbi)
City Office: 401, Lotus Arcade, 8 - Royal Park, Near KKV Hall Circle, 150 Ft. Ring Road, Rajkot.
Transportation: Transportation facility is available from Rajkot, Morbi, Tankara, Gondal, Shapar, Jamnagar, Dhrol, Padadhari & Wankaner.

Facilities

- Library
- Book Bank
- Student Store
- Cafeteria
- Transportation
- ATM
- Wi-Fi
- Sports
- First Aid
Campus Infrastructure

- 21 Acres Land
- 7 Buildings
- 3 Lakhs Sq. Feet Built-up Area

50 kWp Rooftop Solar PV Power Generation System

50+ AC Classrooms equipped with LCD Projectors
27,000+ Books

200+ Journals & Magazines (National & International)

Membership of
British Library, DELNET, National Digital Library of India
Cafeteria, Wi-Fi & Transportation

- **Cafeteria**
- **Wi-Fi Campus**
- **50 Buses equipped with GPS tracking system**
Auditorium & Seminar Hall

3 Auditoriums  8 AV Rooms
By pedagogy, we mean the dynamic relationships between learner & learning, teacher & teaching and culture & curriculum.

Experts recognize that the traditional lecture model is highly ineffective for teaching twenty-first century competencies and skills, yet widespread use of this model continues. The five pillars of our revamped Pedagogy bring together the conceptual, theoretical and practical dimensions of engineering knowledge needed to tackle the complex global challenges.

+ **Future facing education** → **Encourage transfer of learning**
  - Skill development through project based learning.
  - Freedom to faculties for implementing innovative ideas in teaching & learning methodologies.

+ **Decolonizing education** → **Address misunderstandings directly**
  - Student centric approach in teaching: Extra teaching hours for weak students.
  - In-depth preparation of subject by a teacher to make it more interesting and easy to understand.

+ **Transformative capabilities** → **Exploit technology to support learning**
  - Extensive use of audio-visual aids, such as PPTs, Animation, Videos, etc.
  - Use of cutting edge tools like Moodle, NPTEL Videos, MOOC, etc.

+ **Crossing boundaries** → **Make learning relevant to the ‘big picture’**
  - Industrial visits to renowned industries in each semester.
  - Expert lectures by industry experts & top rated academicians.

+ **Social learning** → **Foster students’ creativity**
  - Students are encouraged to participate in seminars, workshops, projects, etc.
  - Extra sessions for placement & other personality building activities.
Industry Interaction & Consultancy

Extra-Curricular Activities

Disciplined Environment

Faculties

Skill Development Activities

Placements

Why Darshan University

- Thanganaat (Navratri Festival)
- Frolic (Technical Event)
- Udaan (Annual Day)
- Staff & Student Uniform
- DParent App (To monitor Student's Progress)
- Dedicated Faculty, Committed Education
- Lowest Attrition Rate
- Faculty Development Programs
- 50+ Industrial Visits
- 75+ Seminar & Expert Lectures
- 2000+ Students of other colleges have participated in SDA

Industry Interaction & Consultancy

- 10+ Hobby Clubs
- 200+ Consultancies to industries
- 10+ Govt. Licenses & Memberships
- Civil Consultancy Cell, Energy Management Cell & ASWDC

Extra-Curricular Activities

- Thanganaat (Navratri Festival)
- Frolic (Technical Event)
- Udaan (Annual Day)
- Staff & Student Uniform
- DParent App (To monitor Student's Progress)

Faculties

- Lowest Attrition Rate
- Faculty Development Programs

Skill Development Activities

- 50+ Industrial Visits
- 75+ Seminar & Expert Lectures
- 2000+ Students of other colleges have participated in SDA

Placements

- 160+ Companies Visited in 2019-20
- 200+ Students Placed from 2019 Batch
- Civil Consultancy Cell, Energy Management Cell & ASWDC

Why Darshan University

- Thanganaat (Navratri Festival)
- Frolic (Technical Event)
- Udaan (Annual Day)
- Staff & Student Uniform
- DParent App (To monitor Student's Progress)
Dr. R. G. Dhamsaniya, prominently recognized as a pivotal pillar and an excellent administrator in the field of engineering education. Under his exceptional leadership and integrity, many institutes have flourished and achieved new heights of excellence. He notably contributed in imparting a quality-centric educational system and institutional governance in his 35 years of career.

Being a powerful blend of outstanding academician and profound visionary, he has contributed to bridging the gap between academics and industries by developing structural consultancy, environmental auditing, material testing with various organizations like, GPCB, AAI, NHAI, R&B, etc.

With the notion of committed education, he established Darshan Institute of Engineering & Tech. that is now promoted to Darshan University, which is committed to developing a conducive learning environment, strengthening student progression, and promoting value-based education.
Prof. Manish V. Sanghani  
Vice Chancellor  
Ph.D. (Pursuing), M.E. (Structure)  

Experience : 30 Years  
Phone : 9727747314  
Email : dprincipal@darshan.ac.in  

He is a founder principal of the diploma college and secretary of the trust. He has pursued B.E. in Civil Engineering from L.E. College, Morbi in 1990 and was awarded gold medal by Saurashtra University. He has pursued M.E. from M.S. University, Vadodara in 2005. Currently he is pursuing Ph.D. in the research area of “Utilization of fly ash in making sustainable concrete structure”. He has published many national & international research papers.

He conducts extensive research and survey in the various fields of civil engineering. He also plays a vital role in integrating academic with industries through various consultancies. He has done consultancy for material testing, rigid and flexible pavement design. He is an active member of environment audit cell (Schedule - I) of GPCB.

He is Vice Chancellor with an efficient administrator of Darshan University.
He has pursued B.E. from L.E. College, Morbi in 1994, M.Tech. (CAD/CAM) from Nirma University, Ahmedabad in 2005 and Ph.D. from M.S. University, Vadodara in the area of “Response Surface Methodology”. He has published 7 Papers in various reputed Journals & Conferences. He has also reviewed various papers for ASME & Elsevier Journals.

He chairs “TERI-SIDBI Training program” at the Institute. He has started his career with Rajoo Engineers, Rajkot. He has also worked with V.V.P. Engineering College, Rajkot for a span of 12 years. His areas of interest are Machine Design, Dynamics and CAD-CAM. He plays an instrumental role for filling the gap between academia and industries. He handles the multifaceted roles with equal ease.
The civil engineering department focuses on the strong foundation of civil engineering concepts such as structures, water resource, transportation, environment, etc. The state of the art laboratories accredited by NABL facilitate the teaching-learning process and help students imbibe the theoretical concepts, their real-time implications, and their applications along with the industrial training and visits at various sites. The faculty members carry extensive academic, research and consultancy activities involving students in the program to make them industry ready and ready to face any challenges on civil engineering aspects for better tomorrow.

Department of Civil Engineering believes that “Real engineering means: Institute Knowledge with Industrial Experience”. Our ancient Sanskrit, “योग: कर्मसु कौशलम” also supports the same. Department has designed Some of the activities are;

“अपिषुल” - The material manifestation
Under this program, students acquire the special skill of material identification by visualizing which is an important and required skill in the field.

Kaizen
Students are identified and divided into groups based on their area of interest. Industrial/field exposure provided by the faculties, helps students to prepare technical articles and presentation for the expression of their views, talents, knowledge, etc.

Continuing Education
The department has set up a continuing education programs in different semesters to train and upgrade the students to fulfill industrial needs. Some of the feathers of continuing education are;

- CADD Computer Software Training
- Measurement/ Quantification Skill Development
- GATE Coaching Guidance
- Civil Engineering Carnival
- Planning and Drawing Understanding
- Engaging Students to Live Projects
- Basic Training: Construction Supervision
- Guidance for Govt. Jobs Preparation

Earn While You Learn
The department provides an opportunity to students for earning while learning. Under this program, students can participate in different consultancy works like Material Testing, Traffic Survey, etc.

Lab Facilities (Civil)

Civil Engineering Department is equipped with NABL approved laboratories to cater the needs of advanced studies & research.

Mechanics of Solid Lab
Shake Table, Various Simple Lifting Machines, Centre of Gravity, Parallelogram & Polygon Law of Forces, Static & Dynamic Friction, Izod Impact Tester, Equilibrium Condition of Parallel Forces, Moment of Inertia Apparatus

Geotech Lab
Plate Load Test, Standard Penetration Test, Triaxial Shear Apparatus, Direct Shear Apparatus, Swelling Pressure Test Apparatus, Consolidation, Compaction Test, Sand Replacement, Core Cutter, Cone Penetrometer, Hydrometer, Specific Gravity, Sieve Analysis, Permeability

Material Testing Lab
Universal Testing Machine (400 kN), Loading Frame (500 kN), Compression Testing Machine (2000 kN), Strain Gauge Data Logger, Load Cell, Proving Ring (2000 kN), Controlled Curing Tank

Transportation Engineering Lab
Plate Bearing Test, MERLIN, Speed Gun, Marshal Stability Test Apparatus, Benkelman Beam Deflection Apparatus, CBR Test Apparatus, Ductility Testing Apparatus, Say Bolt, Furol Viscometer, Indirect Tensile Strength Test of Bituminous Mix, Abrasion Testing Machine

Environment Engineering Lab
Stack Monitoring Kit, Respirable Dust Sampler, Testo-350 Flue Gas Analyzer, pH meter, Turbidity meter, Analytical Balance (0.01 mg accuracy), UV Spectrophotometer, Hot Air Oven, COD Digester, BOD Incubator, Kjedhal Assembly, Microscope

Surveying Lab
Total Station, Theodolite, Auto level, Plane Table, Prismatic Compass, Surveyor’s Compass, Box Sextant, Planimeter, Optical Square, Line Ranger, Prism Square, Open Cross-staff, Levelling Staff
Testing & Consultancy Services (NABL Approved)

Besides high quality teaching, the department runs a Civil Consultancy Cell (CCC) with its multifaceted faculties. It also provides high quality technical advisory support and consultancy to various organizations.

Environment Services
- Ambient Air Monitoring
- Stack Analysis
- Water & Waste Water Analysis
- Solid / Liquid Hazardous Waste Management
- Noise Monitoring

Other Services
- Structural Consultancy
- Material Testing Consultancy
- Transportation Engineering Consultancy
- Geotechnical Consultancy
- Water Resource Consultancy

Government Licences

- Accredited Material Testing Lab
- Approved Material Testing Lab
- Schedule-1 Environment Auditor
- MMGGY Accredited IQM
- RMC Approved Structural Designer

Glimpse of Consultancy Work completed
- 950+ Material Testing Jobs
- 465+ Environment Audit
- 175+ Concrete Mix Design
- 110+ Bituminous Mix Design
- 105+ Soil Bearing Capacity Jobs
- 50+ Quality Monitoring of MMGSY Roads
- 55+ Pavement Designs
- 60+ Structural Design Consultancy
- 20+ Traffic Survey

Key Clients
Barasarasir, popularly known as an encyclopedia of Darshan, has an extensive and exhaustive knowledge of not only engineering but also of Veda, Ayurveda, Sanskrit, History, Maths, etc. He has done graduation in Civil Engineering and post graduation in Structural Engineering. He has worked with Ajanta Manufacturers (Morbi), Atlanta Limited (Mumbai) in the initial phase of his career. He has also served as a Lecturer at L.E. College-Morbi, GEC-Modasa, V.V.P. Engineering College-Rajkot for a span of 15 years.

He has outstanding knowledge and wide experience in handling civil engineering projects, structural designing of various buildings and material testing. He has been empaneled under the Mukhya Mantri Gram Sadak Yojna (MMGSY) as an Independent Quality Monitor (IQM).
He has pursued graduation in Civil Engineering from L.E. College-Morbi in 2006 and post graduation from Nirma University in 2008. Currently he is pursuing Ph.D. from GTU. He has started his career as an engineer in TATA Consulting Engineers in 2008 and worked for 4 years.

He is actively involved in structural consultancy of various industrial structures, multi storeyed residential buildings, machine foundations and water retaining structures etc. He has more than nineteen publications to his credit at national and international conferences and journals. He has guided more than 13 research work for dissertation thesis of PG students.

He has visited University of Architecture, Civil Engineering and Geodesy, Bulgaria (Europe) as a Member of International Experience Program sponsored by GTU.
“Education is the most powerful weapon which you can use to change the world.”
- Nelson Mandela

A Computer Engineer, also known as a software engineer, is responsible for designing, developing, testing and evaluating the software that make our computers work. This involves designing and coding new programs and applications to meet the needs of a business or an individual.

The department is highly reputed in academics and industry for its integrity, faculties, infrastructure, placement, industry linkage and apps development. The environment of the department is industry friendly, students can access resources any time, faculties are available round the clock. The department proudly upholds the excellent placement records and emerging career opportunities for its students.

Faculties
The department has well-qualified, highly experienced, industry-linked dedicated faculties. Faculties with industrial background bridge the gap between academic learning and industrial needs. They continuously update their knowledge of cutting-edge technologies to enhance the contribution of academia. The faculty team ensures the implementation of academic systems and procedures to bring changes to the conventional methods of imparting knowledge.

Project-Based Learning
The academic environment promotes creativity and exploration of the fundamentals of Computer Science & Engg. The department believes in learning by doing. Special Interest Groups are formed from students and faculties. These groups learn, develop and grow together to develop applications useful to society. It plays a vital role in the up-gradation of student's knowledge of the latest technologies. The department is emphasizing on IoT and AI / ML based real life projects such as Ambient Systems, Driver-less Car, etc.

Earn While You Learn
Earn While You Learn philosophy has crafted many students into entrepreneurs during the study only. It encourages students not only to learn the core fundamentals but also inspires them to think into the new dimension of creativity and ignites business philosophy. We impart this paradigm to students from the 3rd semester onwards. Students develop real-world Mobile Apps & Software Projects which are deployed on Google Play Store & Apple App Store. Students can earn handsome revenue through Google Adsense & Admob. Professional skill development activities incorporated into the academics help the students to stay ahead of the curve. Apart from the above activities, seminars, workshops, hands-on sessions, industry experts & eminent speakers' talks, etc. are being organized throughout the year.

Dr. Gopi Sanghani has completed B.E. in Computer Engineering from DDIT Nadiad, M.E.(CE) from BVM Vallabhbh Vidyanagar and Ph.D. from Nirma University in the field of Text Mining using Machine Learning Techniques. She has contributed to executing various academic and administrative strategies to achieve departmental goals and initiatives. She has guided various research projects at both Under Graduate and Post Graduate Levels. She has published several International Conference and Journal Papers in the domain of Machine Learning & AI.

She successfully coordinated several workshops and training programs for students and faculties. She is actively involved in implementing strategies for the continual improvement of academic practices and conceptual growth. Her research interests are in the field of Algorithms, Artificial Intelligence and Machine Learning.

</table>
ASWDC is Apps, Software and Website Development Center established by Computer Engineering department. Students are given extensive training of selected programming languages using latest cutting edge technology. After that, they develop industry standard applications & experience professional environment under the guidance of industry experts & faculty. ASWDC bridges gap between university curricula & industry demands.

ASWDC also acts as an Entrepreneur development Cell (EDC) where ideas of students are nurtured, cultivated and transformed into real world applications which are beneficial to the society.

Technologies we work

- HTML
- CSS
- Bootstrap
- JavaScript
- PHP
- MySQL
- Java
- IoT
- Python
- SQL Server

Projects @ ASWDC

A few popular apps are Admission Apps (Engineering, Medical\Paramedical, IIT, NIT, Diploma, D2D, ME \ MTech, MBA, MCA, NIFT, etc.), 7th Pay Calculator, Typing Speed Test, GTU MCQ, GUJCET MCQ, Learn SQL, SpeedoMeter, EMI Calc, RTO Driving Licence Test, Income Tax Calculator, etc.

- **Bhimani Durga**
  - CTC per Annum: **₹3.00 Lakh**
  - Placed in **Ahmedabad**

- **Davda Parth**
  - CTC per Annum: **₹3.00 Lakh**
  - Placed in **Ahmedabad**

- **Joshi Drashti**
  - CTC per Annum: **₹3.00 Lakh**
  - Placed in **Ahmedabad**

- **Nakum Jalpesh**
  - CTC per Annum: **₹3.00 Lakh**
  - Placed in **Ahmedabad**

- **Sidapara Chandresh**
  - CTC per Annum: **₹3.00 Lakh**
  - Placed in **Ahmedabad**

- **Bhimani Nancy**
  - CTC per Annum: **₹3.00 Lakh**
  - Placed in **Ahmedabad**

- **Savalia Akshil**
  - CTC per Annum: **₹3.00 Lakh**
  - Placed in **Ahmedabad**

- **Tankariya Utsav**
  - CTC per Annum: **₹3.00 Lakh**
  - Placed in **Ahmedabad**

- **Bhandari Shrujal**
  - CTC per Annum: **₹2.65 - 3.33 Lakh**
  - Placed in **Ahmedabad**

- **Dhoriya Parth**
  - CTC per Annum: **₹2.65 - 3.33 Lakh**
  - Placed in **Ahmedabad**

- **Vekaria Anantkumar**
  - CTC per Annum: **₹2.65 - 3.33 Lakh**
  - Placed in **Ahmedabad**

- **Babariya Abhay**
  - CTC per Annum: **₹2.64 - 3.12 Lakh**
  - Placed in **Ahmedabad**

- **Mehta Princy**
  - CTC per Annum: **₹2.64 - 3.12 Lakh**
  - Placed in **Ahmedabad**

- **Vekaria Arpita**
  - CTC per Annum: **₹2.64 - 3.12 Lakh**
  - Placed in **Ahmedabad**

- **Bhoraniya Harsh**
  - CTC per Annum: **₹2.64 - 3.12 Lakh**
  - Placed in **Ahmedabad**

- **Dave Kaushal**
  - CTC per Annum: **₹2.64 Lakh**
  - Placed in **Rajkot**

- **Radadiya Dhaval**
  - CTC per Annum: **₹2.64 Lakh**
  - Placed in **Rajkot**

- **Sheth Pooja**
  - CTC per Annum: **₹2.64 Lakh**
  - Placed in **Rajkot**

- **Dal Jhanvi**
  - CTC per Annum: **₹2.64 Lakh**
  - Placed in **Rajkot**

- **Makwana Mansi**
  - CTC per Annum: **₹2.60 Lakh**
  - Placed in **Gandhinagar**
Total 76 Students have been placed in 92 companies through campus placement before end of 8th sem.

Electrical Engineering

Electrical Engineering Department at the Institute is offering education at undergraduate and postgraduate levels. The vision of the department is to nurture students to become highly competent Electrical Engineer with independent thinking ability, lifelong learning skill and high human values. The department has team of qualified and industry-linked faculties and best in class infrastructure that provides conducive ambience to learn and grow. Active interaction with industries and various government organizations in terms of collaborative projects, R&D consultancies, technical services, etc. is the key strength of the department that makes it distinct and ahead of its peers.

Best Practices @ the Department

• Holistic approach to education which supports students to develop themselves as fully integrated individuals.
• Decentralized and participatory style of functioning to develop belongingness and sense of responsibility.
• Open and unrestricted support of infrastructure in terms of Laboratories, Training and Learning Centers, Department Library, etc.
• Semester-wise well designed set of value added training programs along with regular curriculum that helps students to better meet current job demands.
• Regular interaction with industries, industry personals, field experts, entrepreneurs, etc. to expose students to latest technologies, opportunities and field trends.
• Encourage students to involve in or independently take up industrial projects as well as participate in various national and international competitions.

Association and Affiliations

The department associates and affiliates with other academic institutes of repute, government organizations and industries to achieve overall objectives of the Department. Few of these are

The department has received grant of Rs. 35,50,000/- from various government organizations on various projects.

Lab Facilities (Electrical)

The Department has state-of-the-art laboratories equipped with industrial grade instruments and experiment set-ups.

Basic Electrical Engineering Lab
Electrical Machine Lab
High Voltage Lab
Power System & Protection Lab
Power Electronics Lab
Analog & Digital Electronics Lab
Electrical Measurement Lab
Micro Controller & Embedded System Lab
Computer Centre
Skill Development & Research Centers

Training and Research Center on Solar Energy
Center provides training on PV Solar system and supports allied research activities. This training center is approved by National Institute of Solar Energy (NISE), Ministry of New & Renewable Energy (MNRE) and regularly conducts Government funded training programs. In year 2019-20 around 115+ candidates have been trained on Solar PV Installer (SuryaMitra) course. DIET is the pioneer and one among very few Engineering Institutes in Gujarat permitted to run this course.

Center for Advance Training in Industrial Automation
Center has been setup in association with various industries and intends to cater vocational training for enhancing employability skills. The center is equipped with industrial grad training setups on PLC, HMI, SCADA, VFD, Servo & Stepper drives, analog and digital sensors, actuators, etc. Center is also recognized to run government funded training course on Industrial Automation Specialist under PMKVY Scheme, Government of India.

e-Yantra Robotics & Embedded System Learning Center
Center has been setup in association with IIT-Bombay, under e-Yatnra project of MHRD, Govt. of India. The center provides platform to students to experiment and learn principles and practices in engineering through fun activities and robot design. The center is equipped with required infrastructure and offers courses of different levels. Through this platform students and faculties participate in various competitions.

Internet of Things (IoT) Learning Center
Center has been setup as a part of Tinkering Lab. under Student Start-up and Innovation Policy (SSIP), Government of Gujarat. The center not only provides training on IoT but also encourage students to take up various innovative projects and convert ideas into marketable products. The center is equipped with different IoT system development boards, accessories and services that helps students to experiment, develop and learn.
Energy Management Cell

Energy Related Services & Activities Performed

**Energy Audit** *(130 Projects Completed)*

**Electrical Safety Audit** *(248 Projects Completed)*

Scrutiny of Electrical Hazards, Scrutiny of Static Electricity Hazards, Earthing System Installation & Inspection.

**Testing** *(250 Projects Completed)*

Induction Motor, Pump

**Feasibility Study of PV Solar** *(500 Projects Completed)*

Governing Body Approval Support, Technical Drawing and Design, Data Collection, Performance Testing, Procurement, Tender Documentation, O & M.

**Thermal Imaging** *(135 Projects Completed)*

Generators, Electric Motors, Transformers, Switchgears, UPS, Battery Banks, Furnaces, Boilers, Pumps, Compressors, Chillers, Blowers/Fans, Cooling Towers, Industrial Gearboxes/Bearing.

**Power Quality Testing** *(140 Projects Completed)*

Identification of PQ problems, solutions to Harmonics & Power factor.

**Equipment Design** *(5 Projects Completed)*

Recuperator, Induction Motor, Transformer, PMSM.

**Urja Mitra Home - Energy Conservation Demonstration Van** *(325 Demonstrations)*

Energy conservation promotional program in association with GEDA, Govt. of Gujarat that has reached to around 76,000+ people.

Department of Mechanical Engineering aims to provide academic atmosphere and industrial exposure to young minds. It is possible through various activities like hands-on practice, experts talks, industrial visits, skill development workshops on advanced and conventional technologies. These activities can help students to turn theoretical concepts into real-world applications like Engines, Cars, Turbines, Robots, Energy Systems, etc. with their creative minds.

The department feels privileged to have dedicated, experienced, highly qualified and energetic faculties, offering their profound knowledge and an eye for innovation & learning. The department always facilitates faculties with a wide range of resources and initiatives to keep themselves up to date. To facilitate the development and application of engineering knowledge beyond the horizon, the department has established Student Chapter in association with the American Society of Mechanical Engineers (ASME).

**Co-curricular activities organized every year**

- **15+ Industrial Visits**
- **10+ Expert Talks**
- **15+ Workshops**
- **5+ Seminars**
Lab Facilities (Mechanical)

Automobile Lab
CAD/CAM Lab
Fluid Mechanics & Machinery Lab
Heat Transfer Lab
I. C. Engine Lab
Kinematics & Dynamics Lab
Material Science & Metrology Lab
Mechanical Workshop
Refrigeration & Air Conditioning Lab
Theory of Machine Lab
AR Studio

- The Augmented Reality Studio (AR) is among the top technological trends that are changing the learning experiences today.
- The AR Studio is a dedicated space for the exploration of cutting-edge immersive technologies physically and imaginatively.
- AR Studio is equipped with various softwares and design platforms to help students experiment and create innovations in a wide range of industries.

Rapid Prototyping Lab (3D Printing)

Rapid Prototyping (RP) refers to the class of technology that can construct models from Computer Aided Design (CAD) data. 3-D Printing Technologies have evolved rapidly in recent years and may change how products are being manufactured in the near future. Students can convert their ideas into prototypes by using
- Cube Pro Duo 3D Printer
- Flashforge Adventure 3D printer
- 3D Printing Pen

Robotics Lab

The Robotics Lab has been set up in association with IIT Bombay, under the e-Yantra project of MHRD, Govt. of India. The center is equipped with various robotic kits along with required infrastructure and offers three courses
- Beginner’s Course
- Advanced Course
- Application Design in Robotics

Pneumatic Lab

The Pneumatic Lab provides a platform to learn & develop various industrial automation systems using control valves, sensors and logic units. The lab includes
- Basic Pneumatic Kit
- Electro Pneumatic Kit
- Automation Simulation Software
- Magnetic Symbols
- Cut-sections of Actuators & Control Valves

Mechanical Consultancy Cell (MCC)

At MCC, we understand the importance of innovating and customizing the existing products of our customers in the minimum possible time frame.

Our capabilities in providing solutions throughout the product development life cycle from conceptual design, industrial and mechanical engineering design, CAD modeling and detailing, to simulation, analysis and prototyping makes MCC a unique one stop solutions provider for Engineering Services.

### Earn While You Learn

The Earn While You Learn program provides an opportunity to the students to showcase the talent and earn financial rewards in industrial projects carrying out by mechanical consultancy cell.

### MoUs

![Company Logos]
Dr. Jignasa Mehta has completed her B.E. (Mechanical) from L.E. College, Morbi. She was awarded two Gold Medals one in B.E. – Mechanical and one in overall engineering branches at Saurashtra University. She has completed M.E. (Machine Design) from BVM, Vallabh Vidyanagar and Ph. D. (Mechanical Engineering) from Sardar Patel University, Vallabh Vidyanagar.

She has started her professional career with the ADICO group, Rajkot as an Engineer. Prior to joining the institute, she has worked at V.V.P - Rajkot for 24 years and also served as Head of the Mechanical Engineering Department for 12 years. She has published 18 papers in various reputed international Journals & Conferences, she is also a member of the editorial board and reviewer for various international journals.

At present, she is also working as an Independent Technical Director of Rolex Rings, Rajkot.
Key Faculties (Mechanical)

**Bhavin Vegada**
- Ph.D. (Pursuing), M.Tech. (Thermal)
- 10 Years Experience
- bhavin.vegada@darshan.ac.in
- 9825366601
- Heat Transfer, Fluid

**Ketan Agola**
- Ph.D. (Pursuing), M.Tech. (Thermal)
- 14 Years Experience
- ketan.agola@darshan.ac.in
- 9099297356
- Fluid, Refrigeration

**Vimal Limbasiya**
- M.Tech. (CAD/CAM)
- 10 Years Experience
- vimal.limbasiya@darshan.ac.in
- 9879360219
- Machine Design, CAD/CAM/CAE

**Darshit Dadhaniya**
- M.E. (Thermal Science)
- 9 Years Experience
- darshit.dadhaniya@darshan.ac.in
- 9033403404
- Thermal, Optimization

**Paresh Bhuva**
- M.E. (Machine Design)
- 11 Years Experience
- paresh.bhuva@darshan.ac.in
- 9879254198
- CAD, Design

**Paras Vegada**
- B.E. (Mechanical)
- 11 Years Experience
- paras.vegada@darshan.ac.in
- 9724340710
- Manufacturing, Metrology

**Mukesh Vekaria**
- Ph.D. (Pursuing), M.Tech. (Thermal)
- 14 Years Experience
- mukesh.vekaria@darshan.ac.in
- 9998968259
- Thermal, I.C. Engine

**Mehul Pujara**
- M.Tech. (Thermal System Design)
- 15 Years Experience
- mehul.pujara@darshan.ac.in
- 9879510743
- Heat Transfer, Refri. / AC

**Sunil Janiyani**
- M.E. (CAD/CAM)
- 10 Years Experience
- sunilbhai.janiyani@darshan.ac.in
- 9879548951
- CAD, Design

**Jinesh Tank**
- M.E. (I.C. Engine & Automobile)
- 11 Years Experience
- jinesh.tank@darshan.ac.in
- 7567252009
- I.C. Engine, Automobile

**Sagar Kanjiya**
- M.E. (Thermal Engineering)
- 7 Years Experience
- sagarkumar.kanjiya@darshan.ac.in
- 9408040240
- Thermal, Fluid

**Ankur Tank**
- B.E. (Mechanical)
- 10 Years Experience
- ankur.tank@darshan.ac.in
- 9712804466
- Automobile, CAD/CAM
Placement Statistics - Mechanical Engineering (2017-21 Batch)

Total 34 Students have been placed in 41 companies through campus placement before the end of 8th sem.

*Placement for batch 2017-21 is going on and the remaining students will be placed very soon.*
Placement Statistics - Mechanical Engineering (2016-20 Batch)

Total 41 Students have been placed in 26 companies through campus placement before the end of 8th sem.
